

July 2010

Gemini Dispersions Ltd is aware of the REACH legislation that came into effect on the 1<sup>st</sup> June 2007.

**We do not produce any substances at Gemini; we only manufacture preparations, so therefore we do not need to pre-register any of our products.**

We are committed to meeting our legal obligations as a manufacturer and have prepared the necessary data required after working closely with all our suppliers.

We can confirm that all the products we use are pre-registered.

We are currently working with our suppliers to ensure registration deadlines are met.

I would like to confirm that the ingredients in the products we supply to you are now registered as of the ELINCS register, and that they are not of high concern regarding SVCH's

Best Regards
